Memo

Letter no. 217 dated the 20th Septr. 1901 from the President of the Mysore City Municipal Commission.

Under date the 15th June 1901, the Dy. Comr. of the Mysore District submitted for publication in the Gazette a declaration and statement for acquiring certain houses and lands for opening out a road from Benkinawab street to the lane behind Nakshatra-bandy Masjid in Mandy Mohalla of the Mysore City, and proposed to meet the cost of acquisition from Municipal funds. (Vide Sl. no. 4 5)

2. The declaration & statement were accordingly published under notice no. 1709/83.

dated the 22nd June 1901
But the President of the
City Improvement Board
however requested to specify
the particular head in the
current year's Budget from
which he proposed to appro-
priate funds for the purpose.
(Please see serial nos: 45 & 49 & 48)

3. In the meantime, the
President submitted for
sanction a statement showing
the amount of compensation viz Rs 673/-
proposed to be paid towards
the acquisition of the said
properties. (Vide at 46/A)

4 Thereupon it was
ascertained that the Board
had agreed to the expenditure, at 61 & 65
and the President was
requested to point out
the source from which the
amount could be found
to

the parties concerned. (Please
see Progs: no. 4087 of the
4783-96
4th Septr. Serial no. 66)

5. The present
is a reply to the Progs: of
the 4th September (above referred to) The Presd.
states that provision had
been made for the charge in
the current year's City Munici-
cipal Budget, which was
disallowed by Govt., that
the work was carried out
in anticipation of Govt.
sanction as a measure of
urgent sanitary improve-
ment required to prevent the
spread of Plague, that after
the completion of the work, the
Diwan and the Senior Councillor
~~have~~ inspected the locality,
that Plague first broke
out in that locality and that
as advised by the then Health
officer

Officer early steps were
taken to open out the same
under these circumstances
he solicits sanction to the
~~re~~ retention of the provision
therefor in the current year's
Budget.

6. It is submitted that,
on the President's letter No. 189
of the 5th September 1907 request
ing the retention in the
current year's City Rd Budget
of all the items disallowed
by Govt. additional information
has been called for. The file
was submitted to the 2d Councillor
on the 1st Instt with list of
incomplete works of the City.

7 Submitted for orders as
to whether the President's reply
to this office enquiry may be
awaited or the file sent for
from the 2d Cr's quarters.

8. The President's reply had since been received (vide his letter no. 306 dated the 27th October 1901). The grounds on which he solicits sanction to the retention in the Budget of the provisions disallowed by Govt are:-

(a) That they are absolutely necessary to put in hand urgent works

(b) That some of the items were already insufficiently provided for for want of funds; and

(c) that an unexpended saving of Rs 17,277 is expected out of the last year's Budget allotments which amount is enough to cover the cost

water works.

9. He accordingly stated that he will submit a Supplemental Budget providing for the maintenance charges of the water works, after ascertaining from the Comptroller the actual balance at the credit of the Municipality on the 1st July 1907,

10. The points requiring orders are:-

(1) Retention in the Budget of provisions disallowed by Govt.

(2) Sanction to meet the cost of acquisition, referred to in para 1 above, from the provision proposed by him under "Compensation"

Submitted for orders as to whether regard being had

⊗ The Comptroller estimated it at Rs 55600/- (Please see el 21 in d. 7.12.07)

to the heavy balance of Rs 55600/- at the credit of the Board, sanction may be accorded to both the proposals.

If the disallowed items amounting to 110000 as be sanctioned, there will still be a working balance of Rs 42679 at the end of the current year as per particulars given below:—

(1) Opening balance Rs 55600		
(2) Estimated receipts for 1901-1902	143850

Note

Letter no. 166 dated the 22nd August 1901 from the President of the Mysore City Municipal Commission.

In the above letter, the President solicits sanction to debit to either Jail or Provincial funds the charges amounting to Rs 32/- a month incurred in guarding 20 prisoners employed for forming roads in the new extensions and in the Weavers' lines of the Mysore City.

The application is inadmissible under Rule 33 at page 154 of the Jail Manual which runs as follows:-

" When prisoners are employed outside the jail one peon will guard every 5

prisoners, the pay of these peons to be charged to the officer or department employing the convict labour".

Please see also Govt. Progs: no 4575-77 dated 3rd 97. the 25th September 1900 in which the employment of prison labour for planting avenue trees in the area comprised within the Kolar Gold Fields Sanitary Circle, was sanctioned, subject to the condition that no additional cost was thereby incurred on account of extra guarding establishment.

Letter no 105 dated the 24th Septr 1901 from the President of the Bangalore City municipality in regard to the collection of slaughter house fee in the City.

In his letter no 160 dated the 21st August 1901. the President of the Mysore City municipality solicited sanction to the employment of a Daroga on Rs 10/- a month for collecting fees at the slaughter house in Sunday Inchalla of the City (illegible)

2 The 3d Councillor was pleased to sanction the Presidents proposal as a tentative measure and to direct the office to ascertain the arrangement that exists in the Bangalore City

(3) Enquiry was accordingly made

made in Docket No. 2712-01 of the 21st instt. (vide ser no 20).

4 The Bangalore City Municipal President states, in reply, that "the right of collecting slaughter house fees in the City is let out on annual contract on tenders invited from the public and accepted by the Board"

+ cir 105 of 24 9 (at no 17)

5 It is submitted that in the order conveying sanction to the appointment of a Daroga, the Mysore City President has been requested "to report whether it would not be a better arrangement to farm out the slaughter house on contract" (vide ser 21). The report has not yet been received

Please see the note attached. A grant of Rs. 23,000 and a loan of Rs. 17,500 are involved. And this is a matter for Council. Please submit this to the Dewan at once. The complexity of the question and the need for a thorough examination on the spot, have led to the matter being adjourned by me for a couple of days or so.

Note.

I have had considerable difficulty in understanding this question. I have discussed the matter personally more than once with the Vice President and also looked into the papers bearing upon it and forthcoming in his office. Our file did not seem to be complete and I have therefore obtained copies of certain papers from the Vice President. After a careful examination, I find that (i) Budget sanctions have not been strictly adhered to, (ii) heavy additional expenditure has been incurred without sanction under a misconception, (iii) a supplemental grant of so large a sum as Rs. 20,00[illegible] has to be sanctioned as an inevitable necessity and (iv) a large loan of Rs. 1[illegible], 9[illegible] as increase to be sanctioned for work already carried out, in addition to loans of Rs. 1,04,772, Rs. [illegible],000 and Rs. [illegible],000 sanctioned respectively in the Proc. of Govt. Nos. 12970-72/I.F. 204-40, [illegible]/F. 204-[illegible] and 3069-82/I.F. Dec dated 11th. April 1940. As regards the cost of the first mentioned item of Rs. 20,[illegible]3, there was Govt. sanction while as regards the balance there was no authority. The Exec. Engr.

item of expenditure seems to have been incurred by the late Vice President under the erroneous impression that it could be met frc the loans already sanctioned. There has in both cases been an amount of laxity which seems inexcusable. Instead of a credit balance as estimated in the Pre,et for the current year, there is a debit balance. The Expenditure having however been incurred long ago and on useful works, and a portion of it having already been paid while the payment of the balance can no lon,er be postponed without the Board runnin, the risk of hein, put into Court, I be, to su,,est that both the items be sanctioned; that the excess of the first item over the actual available balance be treated as a loan and that the second item be added to the loans referred to above. The financial condition of the Board is far from satisfactory. The sanctions applied for cannot however be refused. No re-appropriation fro the grants sanctioned for the current year seems possible. I would impress upon the President and Vice President the necessity of (1) carefully scrutinizing the financial condition of the Board, (2) strictly limiting

limiting expenditure to Budget) sanctions and (3) refraining from incurring any expenditure not authorized by Govt. and not capable of being met from the funds available. This case involves a considerable sum of money and discloses most deplorable neglect which Govt. find themselves compelled to condone.

There is no meaning in now passing a supplemental budget for 1901-02. Let us ask the Controller to pass the expenditure in his accounts. The figures in the Budget sanctioned for 1902-03 have all been vitiated by this, but there is no help for it. The responsibility rests entirely upon the ~~Provincial~~ Executive and it is ~~hoped~~ hoped that better care will be bestowed upon the preparation of budget estimates in future. Government were originally misled by the figures furnished or they would have tried to so revise the Budget for 1902-03 as to make both ends meet.

It is a question whether the saving of money in excess of the Budget allotment could not be prevented. Only if Government's Controller's ~~hands~~ hands may be tied. Could not letters of

Issue Engg 12/11

The Comptroller having been addressed in the matter of this office docket no 8399 dated the 15th Nov. 1902 [7 12-01] states in reply, that there is no provision in the Civil Budget for any such loans or grants out of which the items of expenditure under reference can be met, but that the sum of Rs 14,998, which has to be adjusted during the current year can conveniently be met out of the amount that remains at the credit of the Municipality at the close of the year. This balance he estimates at Rs 30,215 as detailed hereunder.

1) Balance at the end of June 02 = 29,000

2) Receipts as per Budget for the current year — = 144,355

Total = 173,355

3) Expenditure Dr — = 143,140

4) Closing balance — = 30,215

From further enquiry (informal) in the Comptroller's office, it has been ascertained that this sum of Rs 30,215 will be considerably reduced by about Rs 20000/- as the Board's contribution towards repayment of existing loans was lost sight of when arriving at that figure. The June Account (final) is under compilation and is stated to be completed shortly. May the reference be therefore kept by till the end of this week? (Please see the Head Accountant's reply to my requisition).

17/12/02

The Assistant Secty suggested that this might be kept by till the end of this week.

17/12

The actual balance in favour of the Municipality on 1st July 1902 has since been ascertained to be Rs 26,909.

balance = 26,989
d = 144,355
1,71,344
re = 1,43,140
balance = 28204
t 14,998
relance = 13206

If the expenditure of Rs 14,998 is in 1901-'02 and remaining yet unpai is met from this balance of Rs 26,989 suggested by the Comptroller, the workin balance at the end of the current year will be Rs 13,206 against the minimu of Rs 20000/- prescribed by Govt.

Submitted for orders as to whether formal sanction may be conveyed to the expenditure of Rs ~~23017~~ 23863 incurred and paid for during 1901-'02 being debited to the municipal accounts of that year and to the other expenditure of Rs 14,998 so incurred but yet remaining unpaid being met from the closing balance at the end of the current official year. The former sum, it is submitted, ~~that the said amount of Rs 23017 will have to be revised to Rs 23017 + 1638 = Rs 24,655 according to the details given in Memo in this linked file C.T. 70-99. This additional sum of Rs 1638~~ has been included in the final accounts of the Comptroller.

Adjustment of the items of expenditure to the extent of Rs 4o498-8-6 incurred and partly paid for in the Mysore City Municipality during the year 19oϕ-o2.

Secretary's Note.

These papers relate to the two items of expenditure incurred and partly paid for in the Mysore City Municipality during the year 19oϕ-o2.

They are:-

(I) Expenditure to the extent of Rs ~~25500-8-6~~ 16103-- incurred mostly on works, during the year 19oϕ-o2 paid for ~~in that year~~ and included in the Comptroller's final accounts of that year.

(II) Works of the value of Rs 14998 executed during 19oϕ-o2 but not yet paid for, and therefore not included in the accounts of that year.

2. The Councillors have agreed to sanction both the items of charges.

3. Item II, which requires a grant of Rs 14998 for being disbursed to Contractors during 19o2-o3, has been duly provided for in the current year's Supplemental Budget of the City Municipality which has been issued on the 19th May 19o3.

Item I requires an order sanctioning formally the debit ~~of~~ Rs 25oo -8-6 Rs 16103-- as reported by the Comptroller & not as stated by the Press. Draft is submitted for approval.

In obedience to the Dewan's direction on the Office draft of 5th June 1903, the Comptroller was requested to state whether the sum of Rs 25,500-0-6 reported by the President as having been incurred and paid for during the year 1901-02 was included in that year's final accounts and if so under what head and authority and if in the absence of Budget provision or definite sanction therefor.

In reply, the Comptroller states that the actual expenditure for 1901-02 (under major heads) has exceeded the Budget grants by Rs 16,103/- and not by Rs 23,863 as stated by the Comptroller, and that the excess expenditure has been admitted in the final accounts of his office for that year under proper authority, subject to provision being made in a Supplemental Budget which has not yet been sanctioned.

The following statement furnishes details of the excess expenditure

(c) The excess expenditure of Rs 8263/- is stated to include the following

(1) Rs 1247/- charged to City water works

(2) Rs 3900/- debited in excess under "repayment of loan" as being the proper amount

(3) Rs 3392/- debited under "transfer to other departments" representing receipts of charges recoverable from Plague depts

---

Rs 8539 or Rs 276 more, the excess having been met from savings.

As regards the sum of Rs 390-3-3 (item 2 in docket no $\frac{17506}{R7099}$ of 15.6.03) provision was desired to be made in the Subsidemental Budget for 1901-02 (vide Comptroller's no 566 of 19.11.02)

It is thus seen that the excess expenditure admitted in the Comptroller's final accounts for 1901-02 and now requiring sanction amounts to Rs [illegible] while the [illegible]

Sir,

I have the honor to state that for removing the filth and rubbish in the City, 35 Carts are employed on a monthly hire of ~~Rs~~ 15/- each, and these carts are expected to carry the rubbish twice a day from the City. This system, however, is not found to work satisfactorily. The quantity of rubbish taken in each cart is (?) generally very small, owing chiefly to the bullocks employed being weak from indifferent feeding.

It is also brought to notice that these Cartmen when returning from rubbish depots bring clandestinely into the City, Sand and earth and sell them.

All the warnings given to the Cart-owners on the point have not had the

desired

desired effect Therefore it is proposed for the pres.
to purchase 40 Carts and 40 pairs of
bullocks and maintain them departmentally
~~for the present~~

The initial Cost of purchasing
and stalling them will be about ~~Rs~~ 900/-
in addition to a maintenance charge of
~~Rs~~ 8000/- in the first year and for the next
and succeeding years the latter provision
of ~~Rs~~ 8000/- would alone be required against
the present annual expenditure of ~~Rs~~
7200/-

By this arrangement it is considered
that a larger quantity of rubbish would
be removed, and there would also be an
increase in the income from the disposal
of the manure The Board have accordingly
approved of the above proposal and a
Copy of their Resolution is herewith Submitted.
If this meets with the approval of Government,
I request you will be good enough to obtain
their Sanction for the necessary provision

Govt are inclined to think that hiring carts and bullocks is in every way preferable to owning and maintaining them moreover in the present unsatisfactory state of the Board's finances the initial outlay of such a large

sum as Rs 90000/- is a matter which deserves most serious consideration. It is hoped that the Board would be able to devise some arrangement by which the object aimed at could be gained without burdening the Budget with so heavy an initial expenditure, and without further incurring not only great responsibility but also loss by depreciation &c.

Sir,

I have the honor to submit herewith the Budget Estimate of the Mysore City Municipality for the year 1901 and 1902, and to request that you will be good enough to obtain the Sanction of the Government for the same.

The draft Budget was referred by the Board to a Sub-Committee for Consideration and Submission of proposals which have accordingly been received and approved by the Board, Copies of their resolution and the Sub-Committee's report are herewith Submitted.

In spite of the insufficient provision made for Construction of drains and opening out congested parts

Considerably reduced, owing to provision made for extra items such as Vani Vilas Water Works and Health Department. I, therefore, request that as suggested by the Committee, you will be good enough to move the Government to be pleased to relieve the Municipality for at least 5 years, of the charges on account of the Charitable and Educational Exants which amount to Rs 16,425/ annually

Sir,

We, the members of the Sub. Committee appointed under resolution no IV of the Municipal Proceedings dated 23rd February 1901, have the honor to report as follows, with reference to the Board's resolution no VII of 30th march 1901 asking us to resubmit the draft Budget Estimate for 1901-1902 with definite proposals -

Receipts

I In perusing the Receipts, the following alterations were found necessary --

That under Octroi a net increase of Rs 1,480 over the last year's estimate is shown as some increases under cloth and timber can be expected.

(2) That under house tax as already reported Rs 3,000/- more than the current year's estimate is provided as under revision made last year, so much can be effected.

(3) That under [illegible]

houses and markets there will be an increase of Rs 900/- as the same may be realized owing to the introduction of new Mayor Rules and by collection of rent from Padakhanas and shops in the markets.

(4) That under miscellaneous, a sum of Rs 4000/- more has been provided as there is every probability of recovering Rs 2000/- from the sale of materials of old houses and lands, and Rs 2000/- from the Water-tax owing to more connections given in the previous year.

II

Expenditure

That under Conservancy an increase of Rs 3,600/- is shown over the usual charge to meet the cost of extra sweepers brought from Jexupathi, whose services will not be dispensed with after the close of the present year as it is under contemplation to introduce horse conservancy System.

(2) That for the newly-sanctioned

xxtment of Registration

of births and deaths, Health Department and the Plague Hospital Rs 8,412 is required but only half of it is provided as the Government have been moved to sanction the balance from the Provincial Funds.

(3) That under Education, a sum of Rs 696/- has been reduced as there is no probability of more Dial Schools being opened. ? 304 only

(4) That under other items Miscellaneous, a sum of Rs 276/- is provided more than the usual cost in order to meet maintenance charges of the Vani Vilas Water Works in addition to Rs 6000/- already provided.

(5) That under closing balance there is only a sum of Rs 14325 instead of the usual amount of Rs 25000/-. In the current year, Rs 20,000/- and Rs 9000/- were provided for Compensation and Construction of drains respectively, but in the budget in question only Rs 3000/- for each are provided, as funds have to be made available for the additional

additional maintenance charges of the Vani Vilas Water Works and to the Health and its adjunct offices from the Plague Department

(5) There is good deal to be done in the way of opening out the congested parts of the city but for want of funds sufficient provision cannot be made in the Budget to improve the bad localities. Therefore we beg to suggest that the Government be moved to relieve the Municipality for a period of at least 5 years of meeting the charges of the Charitable institutions and Educational grants, which amount to Rs 16,425/- annually

Para 12.

Letter No 742 dated 12th May 1901 from the President Municipal Commission, Ottapalam City, submitting the Budget estimates of the City Municipality for 1901-1902 together with an extract from the Proceedings of the Municipal Board approving of the same

— ... — R. 245.

Order thereon No 2525-39 S
L.7.12-1901 1/9/01

The estimates of expenditure have been altered by striking out all provision for original works and the 11000 R. required for street maintenance charges of water works. I am not sure whether it is expedient to leave out the original works, but the two items seem to be somewhat inconsistent. Submitted for orders of the Commission

15/7/1901

The estimated receipts and expenditure of the Municipality for 1901-1902 as compared with those of the year 1900-1901 are given in the following statement:—

(2. The Govt pay not to

Statement No I has not been properly prepared, in accordance with the instructions contained in Official memo No $\frac{6861-70}{157}$ D) 8th Dec 1889, the differences between the actuals of ~~1899-1900 and of the first half of 1900-1901 entered in columns 2 & 3,~~ should have been shewn in column 4 of the statement, as probable collections of the 2nd half of the latter year and not the excess of the sanctioned estimate for 1900-1901 over the ~~first~~ actuals of the first half of the [redacted] year. The necessary corrections have been made in this office with an observance to that in future Budget statements, should be caused to be prepared with care

the entries required by the form laid down not being accurately made. The Corrections necessary have been made here but in future, better attention should be paid to the preparation of such returns.

3. I. Octroi Increases on expected under "Tea" and "Cloth" are supported by the actuals of 1899-1901. The

estimates are allowed. But as the proposed estimate under 'Jaggery' (Rs 4500) which is the same as that sanctioned for 1900-1901 is not justified by the Collns arrears of 1899-1900 and of the first half of 1900-1901, which are only Rs 3814 & 1935 respectively, it will be reduced to Rs 4000

4. II House tax. Owing to the revision of House tax recently ordered, an increase of Rs. 3000 over the sanctioned estimate for 1900-1901 is expected. But the estimate is passed.

5. IX Carriage tax. The decrease under this head has not been explained. As the arrears of 1899-1900 were Rs 7600 and no special reasons exist for ~~[illegible]~~ anticipating any decrease under this head, the sanctioned estimate for 1900-1901 will be repeated in the present Budget.

6. X Miscellaneous. The

The sub-committee anticipates an increase of Rs 2000 the sale of materials of old houses and a decrease of Rs 2000 from the Tax on house service pipes, of which a large number were given in the previous years. The estimate is approved.

Expenditure

7. II Head office. The net decrease under this head is chiefly due to the abolition of the post of Assistant accountant on Rs 15- per mensem and to the appointment of a Darfadar on Rs 7 p.m. instead of a peon on 6 Rs. The provision is passed.

8. Under III Collection (a) & (b) there is a decrease due chiefly to the discontinuance of the temporary allowance sanctioned to the Patwaris for

for collecting the tolls, which
are intended to be
leased out in future
The provision is approved.

9 III Collection (b), (c) House & Other taxes and rents. The ~~amount~~ on account of salaries of establishments increases under these heads is due to the provision made for ~~12~~ to 12 months in the present Budget on account of increases to certain heads sanctioned for only a portion of the year during 1900-1901 The estimate is allowed. It is noted that the amount of ~~[illegible]~~ in the Budget for 1900-1901 on account of remuneration Municipal Comm is omitted in present Budget

10 IV ~~Collection~~ (Conservancy) The variations proposed are noted in the margin and are in accordance with sanctions conveyed from time to time The provision is passed, with an observation that with a view to introduce house conservancy system the Board wish to retain the

services of the extra sweepers brought from Trimulgherry. The estimate is allowed

11. VI Registration of Births and Deaths In lieu of the usual changes on account of the salaries of Registrars of births and deaths, the present Budget provides for only a moiety of the cost of the scale of establishments under Health Officer and Registrars of different etch as well as Disinfection staff Evangere Plague Camp sanctioned in Proceedings e/o Pf 919-22 dated 29 January 1901, with slight modifications noted below and states that he solicited the sanction of Govt in his e/o 684 of 16/4/01 to debit the other moiety to Provincial funds. Sir,

I have the honor to state that more than half of the income of this municipality is derived from the Octroi Revenue. The Managers and peons who are the back bone of that Department have to work day and night and on alternate nights they have to sleep in the octrois which are far away from the city therefore their work is exacting and irksome, Considering also the temptations in their way they are poorly paid as noted in the margin

My Predecessor Municipal Commissioner for Krishnaraj Sagar, accordingly brought forward a proposal to increase the pay of each Manager by Rs 2/ and of each peon by Re 1/- a month, and the Board have approved of it. A copy of this resolution is herewith submitted. I also consulted the

By the proposed increase of pay to those men, there will be an additional cost of Rs 1164 per annum as noted in the margin and the same will be provided in the Supplemental Budget of the current year. Sir,

With reference to Government Proceedings no 2825-39/L.F 12-1901, striking off the marginally noted items in the current year's budget of the Mysore city municipality, I have the honor to state that many roads and lanes have already been opened in Mundy Mohalla as a Plague preventive measure. When Plague broke out again this year, the Dewan was pleased to inspect all the infected localities and ordered the removal of many infected houses and the opening out of the congested parts in that mohalla. Accordingly the work was undertaken and the streets as given in the accompanying statement have already been opened out. Since the opening out of these parts, the Plague cases have considerably been reduced

All these improvements have again been inspected by the Dewan, the

Sir,

With reference to your docket no 5°68/23 12.1901 dated 24th September 1901, requesting (E/24) to report how the expenditure of Rs 8494-13-11 was incurred and what explanation I have to offer for starting the work without previous sanction when the provisions in the current year's Budget could not be retained &c, I have the honor to state that from the statement enclosed in this office no 189 dated 5th September (Signed 7 no/1901) 1901, you will observe that Rs 7081-4-0 was paid on account of Compensation; but this amount was met from the Loan Fund and the Balance was paid from the municipal Fund in anticipation of sanction as the works were very urgent

I understand that every year it has been usual to start works

urgent new works as well as the incom-
-plete works of last year even before the
receipt of Sanction to the Budget with
the expectation that every item provided
for in the Budget would be passed, but
this year, all the items provided for the
"Original works", were disallowed, which
is not usual

In the Budget submitted, a
Sum of Rs 3000/- was provided under Com-
-pensation to meet the urgent cases. The
above Sum is very necessary to make pay-
-ments only in cases where licenses to
rebuild houses are refused.

A Sum of Rs 1000/- was provided
for formation of new roads. Owing to the
prevalence of plague, many houses are
being demolished and the cost of re-
-moving and levelling such houses, to be
-ing met out of the provision under the
above head, besides meting the cost of
formation of roads.

Provision made for Original,
Water Works" and "other Works Urgent",
are also very necessary. For want of
Sufficient Funds, very Small Sums
were provided in the Budget."

and therefore this retention is ab-
-solutly necessary.

However a statement is
herewith submitted, from which it
will be seen that the amount already
paid from 1st July to 30th September
1901, include only a very few items
of incomplete works of last year, the
rest being new works. The incom-
-plete works have to be completed
in addition to the new works as al-
-ready stated. In my letter no 217
dated 21st September 1901, I have ex-
-plained the necessity of opening the
nakshalready masjid road Therefore
all the items provided under Original
Works, are very necessary and they
may be kindly allowed to be retain-
-ed

As regards meting
the expenditure incurred in the past
2 years for the Vani Vilas Water
Works, provision will be made in
the Supplemental Budget for the
current year, when the Correct a-
mount of balance is ascertained
from the Comptroller There will

will most probably be a savings of Rs 17,277/: out of the last year's Budget. The above Sum though provided in the Budget, was not spent with a view to meet the excess expenditure of Vani Vilas Water Works when called upon to do so.

Thus the savings effected in the last year's Budget will be Sufficient to meet the extra expenditure of Vani Vilas Water Works and also the provisions made for "Original Works in this year's Budget. Under these circumstances, I request that you will be good enough to move the Government for the retention of all the items in the present Budget The Board also agree to this; a copy of their resolution is herewith Submitted

Sir,

I have the honor to forward correspondence ending with Hemmigepatana taluq Amildar's report No 235 dated 16th December 1901 recommending that some allowance, may be given to the Sub Overseer in charge of the Devaraj Channel for seeing that a sufficient supply of water is made available to the pumps fixed in the said Channel and from which water is supplied to the city, and a copy of the Board's resolution on the Subject; and to state that my predecessor, the former Superintendent was getting an allowance of Rs 20/= for doing this work which is now being done by the Sub Overseer

As the Sub-Overseer does this work in addition to his legitimate duty and as he has to move frequently along the Channel to stop leakages and to see that sufficient supply of water is made available for pumping purposes, I would recommend that a horse allowance of Rs 7/ per month as approved by the Board may kindly be sanctioned to the Sub Overseer.

Provision has already been made in the sanctioned Budget for 1901-1902 to meet the above charges.

I have the honor to be,
